

Getting to know TREEDEFI

The First Eco-friendly Defi Project in Binance Smart Chain

**WHY
WE'RE
HERE**

**WE HAVE A UNIQUE
AMBITION TO BE A SAFE,
RELIABLE & ECO-FRIENDLY
INVESTMENT ALTERNATIVE
FOR THE PEOPLE.**

PROBLEMS WE ARE TRYING TO SOLVE

Rugpulls & Scam Projects

TreeDefi tries its best to be one of the safest alternatives in DeFi projects.

Solve Real-life Issues

This project would like to bridge the gap between cryptocurrency and helping it reduce its carbon footprint.

Sustainability and Growth in DeFi

The team maintains a continuous development and constant offering of new features that will attract fresh audience.

Centralized and Unverified Carbon Certificate Market

TreeDefi would like to offer decentralized and alternative solutions in offering Carbon Credit Certificates.

IN LESS THAN 5 MONTHS..

1ST QTR.

- PROJECT LAUNCH
 - PLANTED REAL TREES
-

2ND QTR.

- COINGECKO & CMC LISTING
 - CERTIK AUDIT
 - FIRST NFTREE COLLECTION
 - PRIVATE PLANTING PROJECTS
 - FARM OPERATED MERCH
-

3RD QTR.

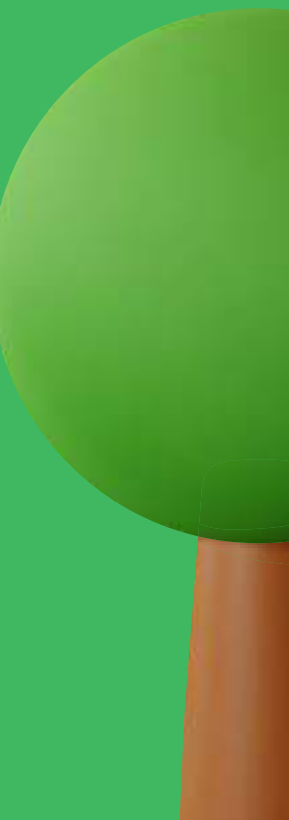

- NFTREE MARKETPLACE LAUNCH

CERTIK

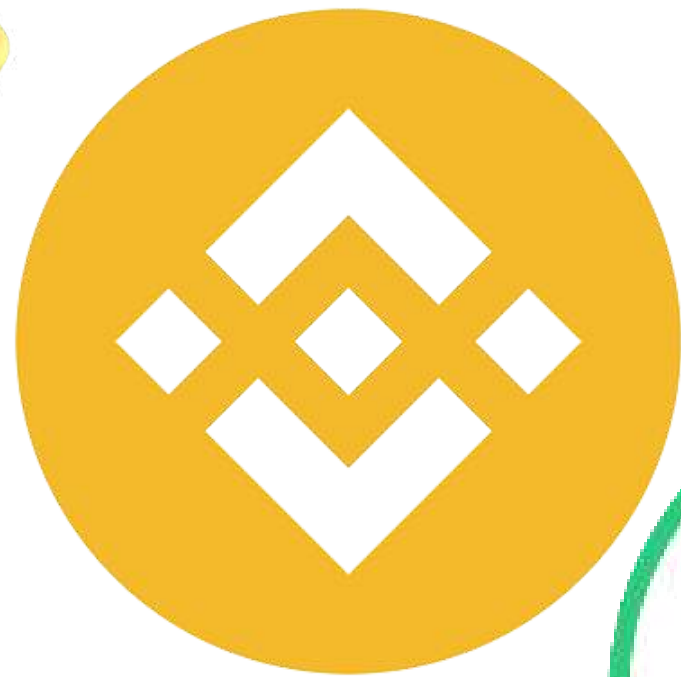

TREEDEFI is CERTIK AUDITED

With a current score of 84% in security rating, TreeDefi aims to have a higher rating through constant improvement and development of better ways to keep the investor's fund safe.

FARMING & POOL OPTIONS

We offer several options for our investors to acquire and get their favorite cryptocurrency, tokens through our staking system.

New Features

Auto-Compounding Tool, NFTrees, Carbon Monitoring & UI 2

OUR NFT TREES

These NFT's are backed up by real-life trees. Details such as birthday, location and scientific name of the tree are stored in each NFT.

Taking Care of Our Community

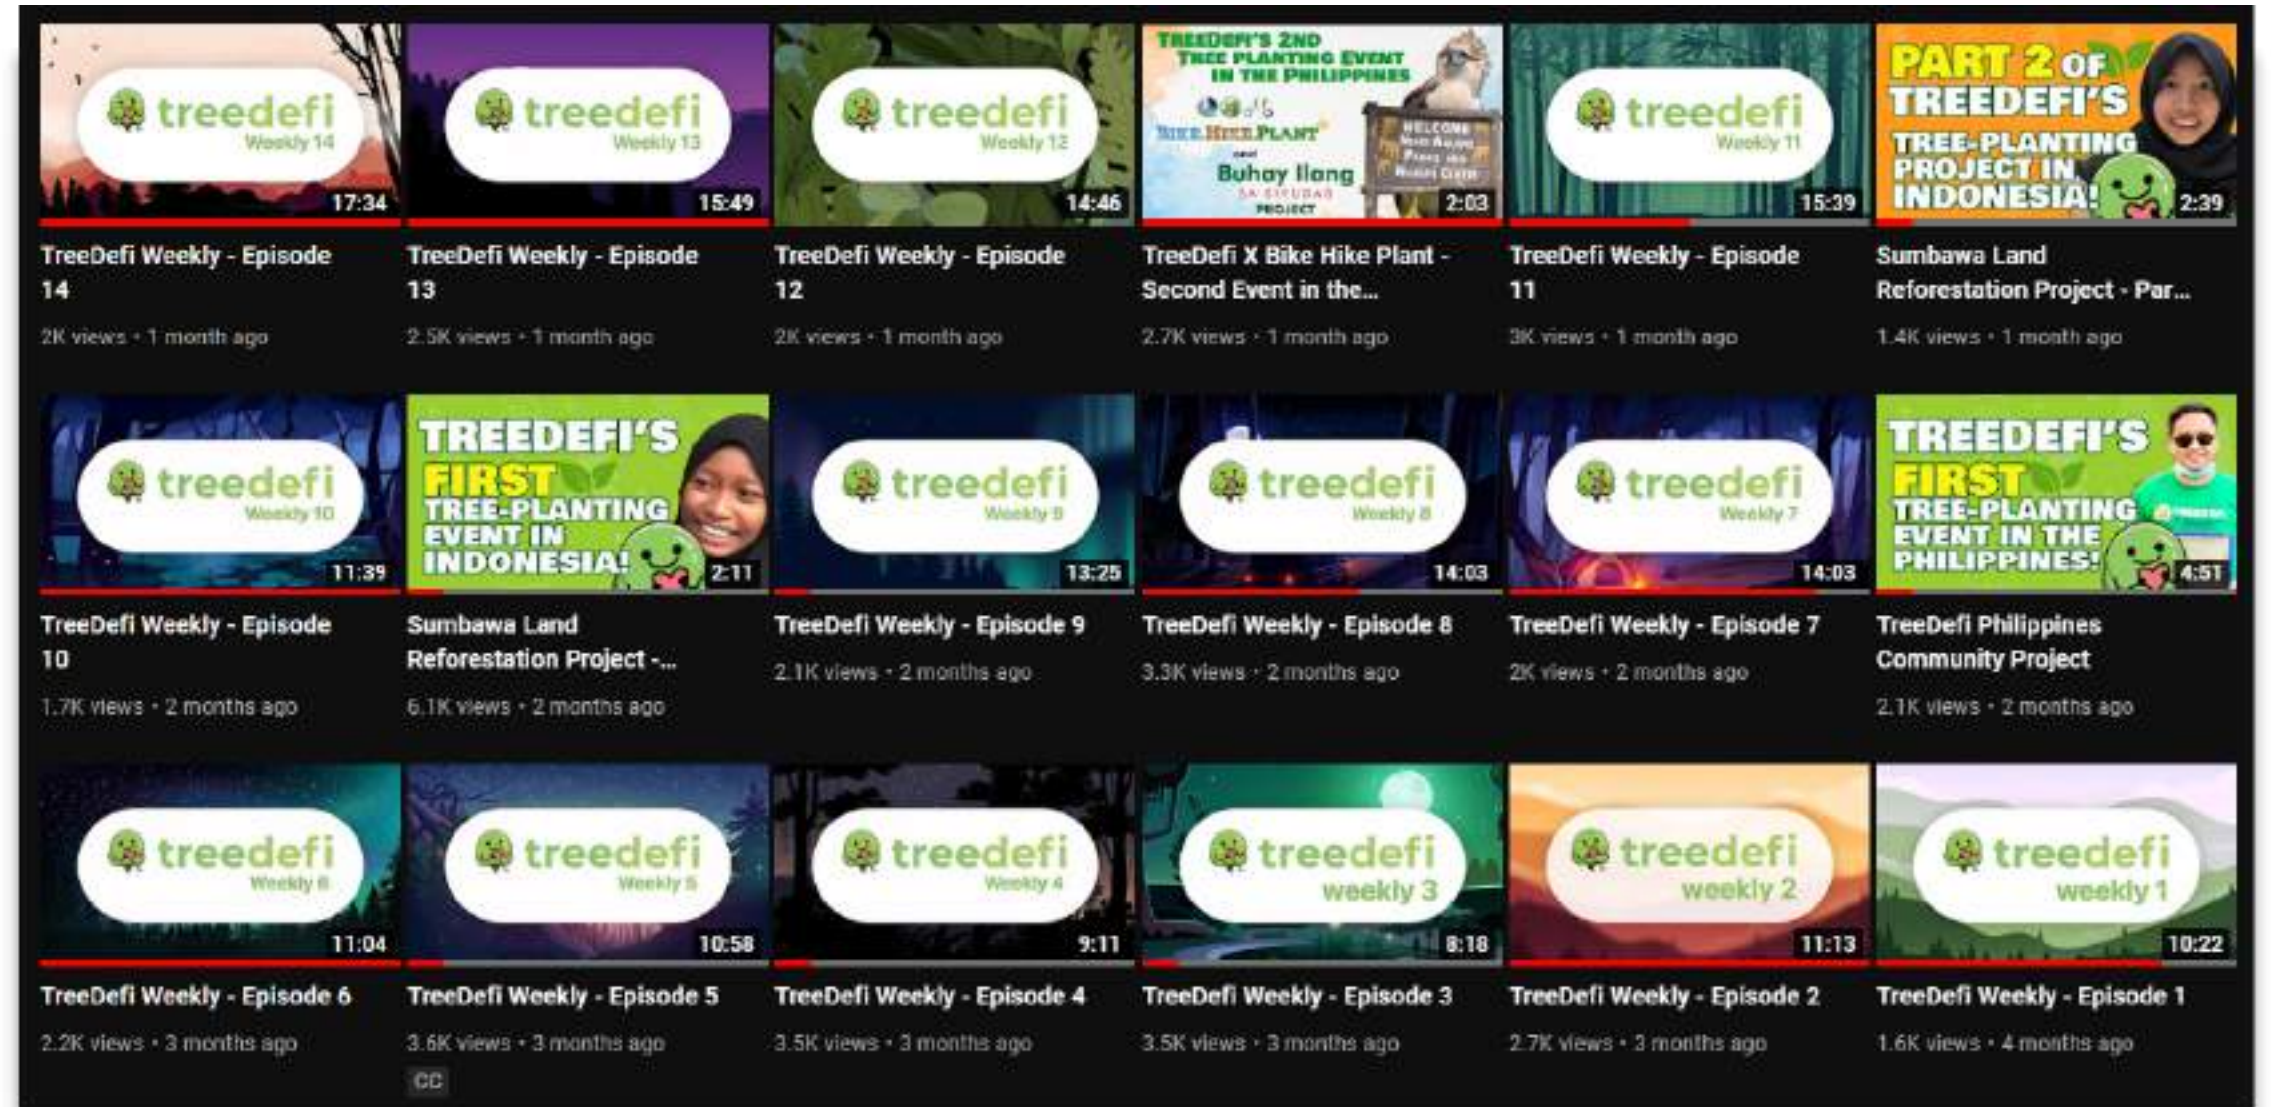

Press Releases, Weekly Videos, Merchandise,
Rewards and Giveaways

PRESS, ARTICLE & MARKETING

The team tries to offer a wholistic experience for our investors and to attract new audience through our informative weekly videos to recap the previous week.

TreeDefi Weekly

FRUIT TOKEN POOL SYSTEM

An innovative rewards system design through staking tokens. Our investors from different parts of the world has already received their items for FREE.

CONTESTS AND COMMUNITY ENGAGEMENTS

To keep our project alive and lively we also conduct several activities for our "Treehuggers" and award them with our lovely tokens.

Plans in 4th QTR

- Carbon Credit Platform
- CO2 Token Release
- Licensed Company for Trading Activities
- Non-Profit Organization Launch
- CO2 Marketplace

Please accept our gratitude for taking your valuable time into checking our project.

TREEDEFI
THE FIRST ECO-FRIENDLY DEFI PROJECT.
