Experience The Unimaginable

The background features a dark purple and blue gradient with a light purple grid. Several 3D geometric shapes, including cubes and triangles, are rendered with a vibrant pink-to-orange gradient. Some shapes are solid, while others are outlined in a light purple. The overall aesthetic is futuristic and digital.

A shared sense of space & presence in common

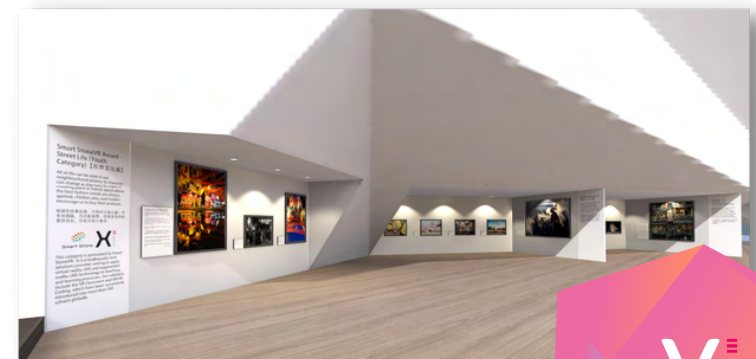

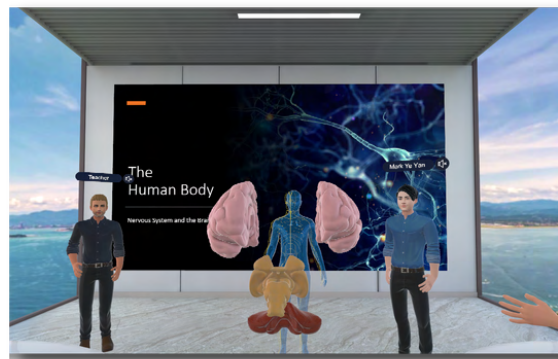

An interactive platform that brings users virtually together in close to real-life 3D environments

xSpaces Applications

MetaCampus

- Transition from 2D to 3D online teaching & learning
- Interactive remote learning & engagement
- Expand spatial learning with interactive 3D objects
- Compatible with traditional 2D educational materials & 3D materials
- Real-time simulation of educational scenarios

3-Dimensional Learning amplifies the perception of depth and spatial learning. It offers a rich visual approach on difficult to understand concepts and encourages problem-solving from different angles.

xSpaces Applications

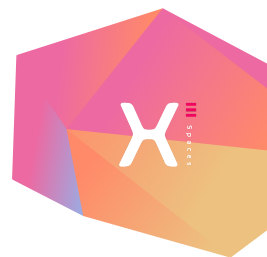

Metaverse Art Gallery & Exhibitions

- Fully digitalised Artspace
- Live interactive Artspace
- Multiple users & real-time interactions
- Support AI tour guide
- Support Live Streaming within and outside of xSpaces - connect the physical and virtual world

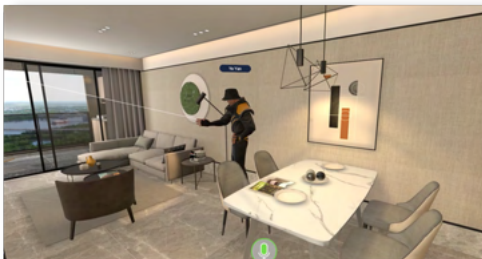

Open 24-hours, 7-days a week.

Your space, Your creation

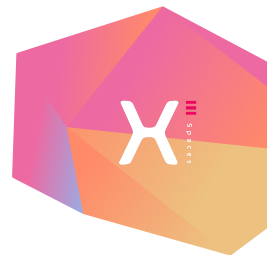

xSpaces Applications

Automotive Industry in the Metaverse & Training

- Virtual Factory
- Simulation, role play and scenario training
- Safe training environment - low-risk, low-cost
- Car owner's metaverse home

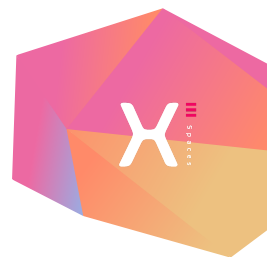

xSpaces Applications

Metaverse Tradeshows & Forums

- Unlimited Booth extension space
- Open 24 hours, 7 days a week, all year round
- AI Customer Service available at all times
- One-click teleportation across multiple exhibition and event spaces
- Real-time interactions between users
- Tracking of customer behaviours

Grow your reach & network globally in a unique way!

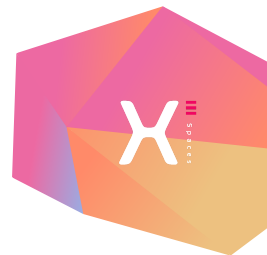

xSpaces Applications

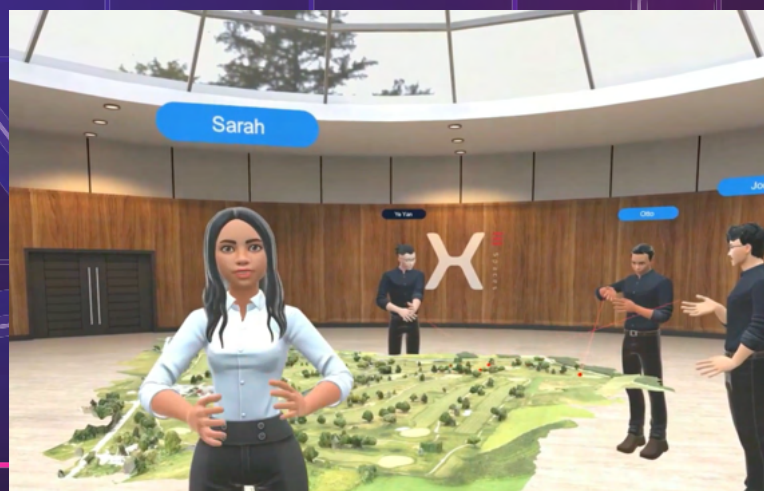

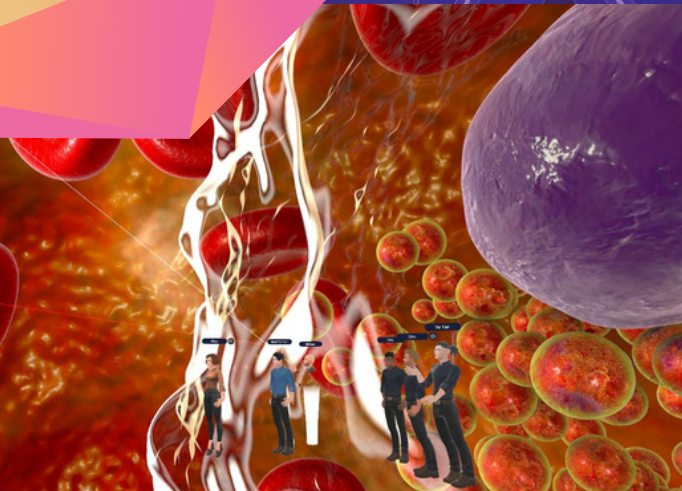

Metaverse Travel & Tourism

- AI tour guide
- Virtual tourism experiences
- Smart meeting
- Metaverse souvenir eCommerce shop

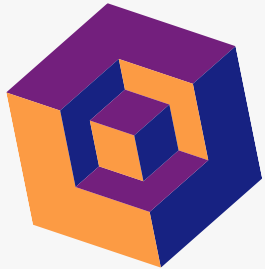

Abundance of environments

Fundamentals

Jump from 2D to 3D virtual environments

Living in a 3D world, the most natural way to work, learn and communicate is through a virtual 3-dimensional space. Push beyond the boundaries of staring at a 2D screen for classes, meetings & events.

Multi-user Support

Anywhere, Anytime.
Supports 1,000+ concurrent users.
Connect | Engage | Visualise | Inspire

Remote Collaboration, Education & Training

Share ideas, learn and upskill no matter where you are located in the world, yet still feel like you are physically next to students, colleagues or clients in the same space. Buh-bye distance.

Tailor-made deployment

Whether you are looking to deploy xSpaces for your school, enterprise, or personal use, we have you covered! Choose from ready-made options or customise a solution suited to you.

Key Functions

Classroom Management

Total class control.

Resource Management System

Upload personal content & share instantly.

Security First

Selective room sharing & protection

Audio Segregation

Support Resource Types

2D & 360
images & videos

3D models

YouTube

Web-based resources

Avatar & Scene customisation

Secure local server deployment

for data protection & privacy.

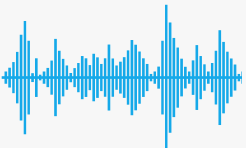

Private & Personalised User Management System

Record & Playback

Never miss a minute.

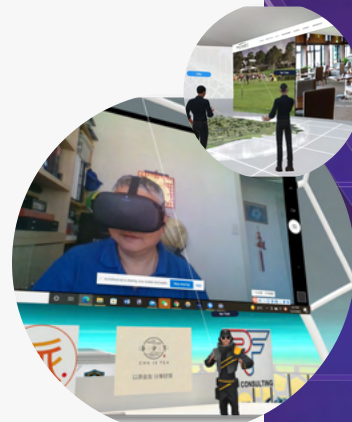

3D Audio

Real-life sound and audio travel

Live Streams

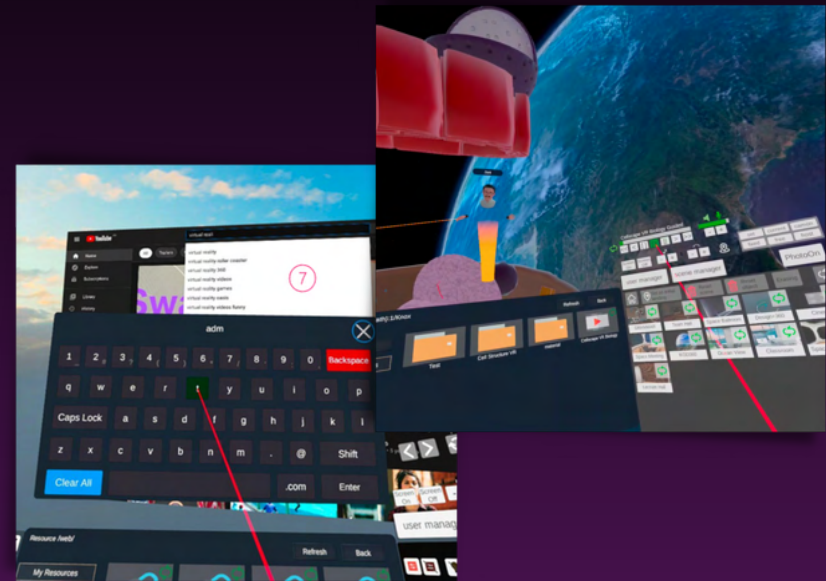

Connect the physical and virtual world.

Additional Functions

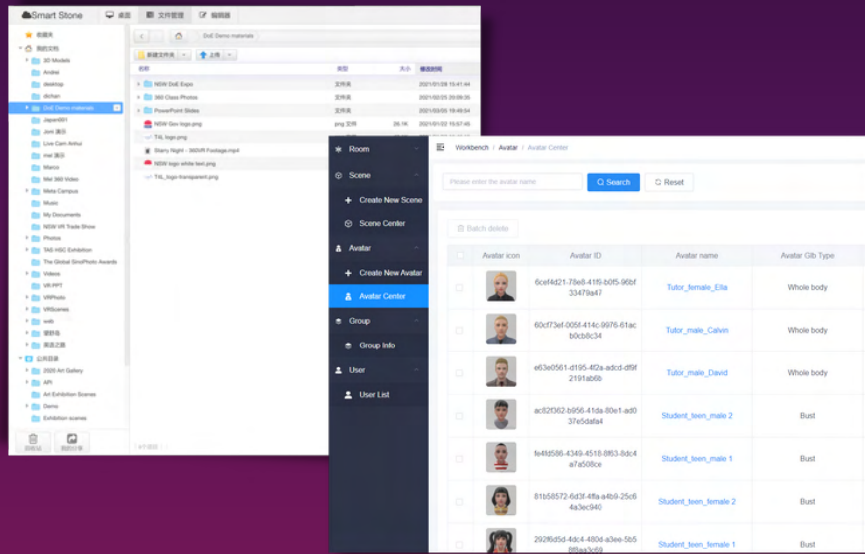

Cloud-based Resource Management System

Upload or change content instantaneously
Scene and content encryption
Support private server deployment
Back-end admin controls

Multi-function Management

Front-end admin and user controls
Smart incognito settings

Cross-platform Support

We understand that switching to VR comes with its challenges, which is why xSpaces is also available across the more popular devices on the market, VR and non-VR!

Giving you the versatility that you need and access across multiple different platforms.

LAPTOP / PC
APPLE

Phones/Tablets
Android

iPhone/iPad

VR HEADSET

PICO G2 & G2 4K SERIES

PICO NEO 2

PICO NEO 3

OCULUS QUEST / QUEST 2

OCULUS RIFT / CV1

HTC VIVE

HTC VIVE FOCUS
