A Problem
with Social Trust

1. **Declining trust** in government and **each other** in the United States
2. **No medium** for people to effectively **congregate, contribute** and gather **facts** from the **source**
3. **Traditional** method of conducting **investigations** is **slow**, **costly**, and **risky**
4. Private Investigations *alone* **does not work** for our digitally evolving and globalized society

Social Trust PEW Research Center, July 2019
