

insured nomads

Insurance for the Modern Company, Remote Workers & Travelers

A global work revolution is underway during a time of significant uncertainty around the world - from health, safety, security, natural disaster, mental health and beyond. We are using AI technology to empower safe and intelligent remote work and leisure travel. Cashless insurance as a service, embedded API integrations, GPS tracking for transient work teams, ancillary travel support features, engaging community support within an intuitive and simplified customer journey.

TRAVEL INSURANCE

Travel & Health Insurance for individuals, couples, families, groups, remote workers, digital nomads, expats and more.

HEALTH INSURANCE

Custom coverage, plus Mastercard integration, lounge access, therapy, telemedicine, cybersecurity, and more to suit your lifestyle.

GROUP BENEFITS

Juvo health plans from Insured Nomads are radically customizable medical insurance benefits programs for group employee benefits.
