The ShrubHub Experience: See Why ShrubHub Customers Love Our Services

Customer Reviews

4.8 out of 5 based on 1022 reviews

Bold Impact

ShrubHub has helped more than 50,000 homeowners design and build their idea yards throughout the entire United States, and in Australia and Canada. Our unique business model provides a one-stop-shop for all landscaping needs. It enables all high-quality, 3D design work to be done remotely, at a fraction of the time and cost of typical designs, and plants are shipped directly to homes nationwide.

Bold Scalability

We've built powerful databases that enable us to team with hundreds of local contractors, nurseries, and product suppliers and ensure that each region offers plants based on its unique, dynamic weather patterns and characteristics. Our remote infrastructure supports a highly scalable business model.

Sustainability is a priority for our customers, and we offer flowers and trees native to particular regions and meet stringent environmental standards to support our customers in the US, Australia, and Canada.

A Bold Future with ShrubHub

Most yard landscape services are local, and not national or global. However, with our advanced satellite mapping, highly talented designers, innovative business model, world-class website, exceptional services, plants shipped directly to homes, and wide network of partners, we've been able to expand our high-quality marketplace to three countries.

As we continue to innovate, we intend to extend our reach – creating affordable dream yards for homeowners throughout the world.
